Skin Cancer & Laser Surgery Center

To Our Patients:

As you know, if you have ever checked into a hotel or rented a car the first thing you are asked for is a credit card, which is imprinted and later used to pay your bill. This is an advantage for both you and the hotel or rental company, since it makes checkout easier, faster, and more efficient.

We have implemented a similar policy. You will be asked for a credit card number at the time you check in and the information will be held securely until your insurance companies have paid their portion and confirmed with us the amount due from you. At that time, any remaining balance owed by you will be charged to your credit card, and a copy of the charge will be mailed to you.

This will be an advantage to you, since you will no longer have to write out and mail us checks. It will be an advantage to us as well, since it will greatly decrease the number of statements that we have to generate and send out. The combination will benefit everybody in helping to keep the cost of health care down.

This in no way will compromise your ability to dispute a charge or question your insurance company's determination of payment.

Co-pays due at the time of the visit will, of course, still need to be paid at the time of service. This is in keeping with your insurance company's requirements.

If you have any questions about this payment method, do not hesitate to ask.

Sincerely yours,
West Georgia Dermatology, P.C.
